National Cancer Foundation Support Letter

Dear Sir / Madam,

National Cancer Foundation is a non-profit organisation which works hard to raise awareness of risk factors, prevention measures and the benefits of early detection of cancer, and to provide dignified accommodation for patients and their families during oncology treatment. We get no government funding and rely entirely upon the generosity of the Australian community to fund these programs.

Basker Ratnam has registered a fundraiser with National Cancer Foundation and will be holding a live concert featuring Gurdas Maan, to be held at 6.30pm on Saturday September 27th 2014 at Sydney Olympic Park Sports Centre.

We encourage you or your organisation to support this volunteered fundraising initiative.

National Cancer Foundation relies on the support of the community and organisations like yours in order to continue funding for our support services to improve the quality of life for people suffering from cancers.

So please support Basker in his endeavours to raise some much needed funds for National Cancer Foundation.

Thank you for your support!

Lisa Campbell
